ICD10 Diagnosis Code Enhancement

Attention: Local Plan SD/MC Providers

STOP – Impact on You

On September 28, 2015 the Los Angeles County Department of Mental Health implemented modifications to the Integrated System (IS) that allow providers to select the ICD-10-CM code in the User Interface (UI) on the EPIS screen for any diagnosis with a diagnosis date of October 1, 2015 or after. Claims with service dates equal to or greater than October 1, 2015 must have an ICD-10-CM diagnosis code reported on the claim. Along with this effort, a conversion process for Open Episodes with a “convertible” DSM-IV diagnosis code to an allowable ICD-10-CM diagnosis code was implemented in the IS to assist providers that submit their claims via Direct Data Entry (DDE). Electronic Data Interchange (EDI) providers must submit the ICD-10-CM diagnosis code on their EDI claim.

CAUTION – What You Need to Know

- Client Episode Screen Displays New ICD-10-CM Code**

If the DSM-IV code was converted to an ICD-10-CM code users will see the new code on the client episode screen. If the DSM-IV code was not converted, the DSM-IV code will display.

Client Episodes						
Options	Open		Closed			
Return	Episode	I/O	Admit Date	Diagnosis Code	Primary Contact	Last Claim
Change Provider	1957Y018	O	7/3/2015	F329		7/5/2015
Find Client	1958P012	O	1/6/2014	313.81		
Client Info	3300A017	O	4/23/2015	F913		7/30/2015

Selecting the  by the diagnosis code displays the description.

Los Angeles COUNTY | **DEPARTMENT OF MENTAL HEALTH**

Dx Code: F913

Dx Description: Oppositional defiant disorder

- **Provider Type Episode Screen with ICD-10-CM Description**

The Outpatient, Inpatient, Day Treatment and Residential Episode screens will display the Primary and Secondary description with a Dx Date of 10/1/2015 for all diagnosis records that successfully converted to the allowable ICD-10-CM code. Note: In some cases, the Primary diagnosis was converted but the Secondary diagnosis was not converted.

- **New Episode Diagnosis Screens**

When you enter the Diagnosis Date, the IS determines whether to display the ICD-9 /DSM-IV existing screen or the new ICD-10-CM screen. If the Diagnosis Date is greater than or equal to 10/1/2015, it will display the new ICD-10-CM diagnosis screen.

Options **Admission** **Diagnosis** 

Return

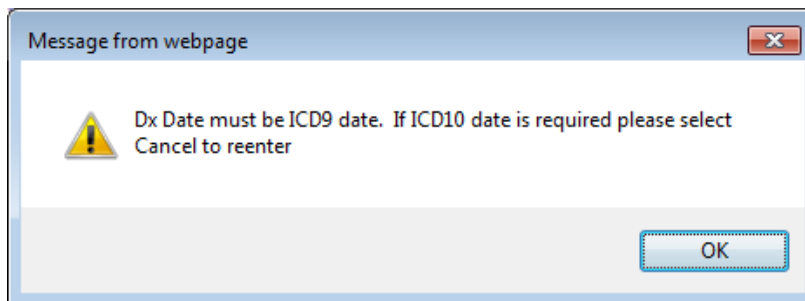

Dx Date: 10/1/2015 

After you enter a date greater than or equal to 10/1/2015, the following screen displays to select the Primary and/or Secondary diagnosis code(s). Make your selection(s) and save.

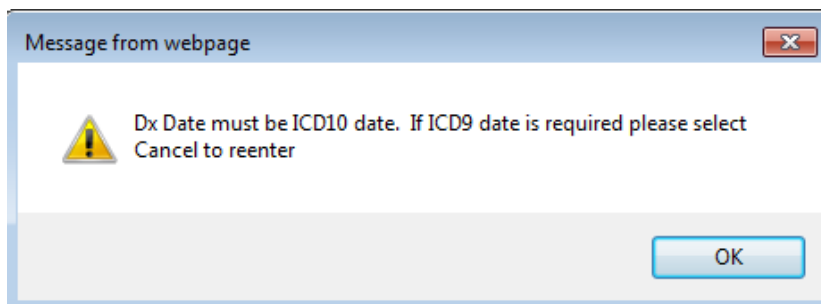

The screenshot shows a web application window titled "srodriguez". It has a sidebar with "Options" and "Return" links. The main area has two tabs: "Admission" and "Diagnosis". The "Diagnosis" tab is active. It contains a "Dx Date:" field with the value "10/1/2015". Below this are two dropdown menus labeled "Primary Dx:" and "Secondary Dx:". At the bottom right are "Save" and "Cancel" buttons.

- ***IS User Interface Errors/Pop-up Error Messages***

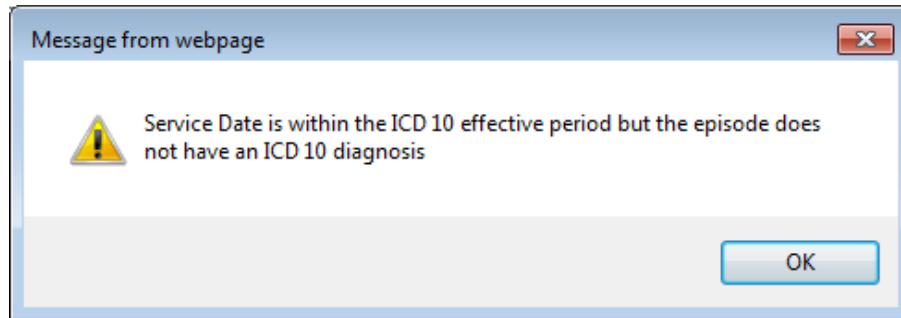

- The IS displays the following pop-up error message if the Diagnosis Date was initially an ICD-9 and is changed to an ICD-10-CM date:

- The IS displays the following pop-up error message if the Diagnosis Date was initially an ICD-10-CM and is changed to an ICD-9 date:

- **DDE/Direct Data Entry Claims Require the ICD-10-CM Code**
 - The IS displays the following pop-up error message on the claim screen, when the user is submitting a claim with a DOS that is within the ICD-10-CM effective period but the episode does not have an ICD-10-CM diagnosis code.

- **EDI/Electronic Claims Require the ICD-10-CM Code**

All EDI claims with service dates equal to or greater than October 1, 2015, require the ICD-10-CM Diagnosis code and qualifier. Please refer to the DMH HIPAA 5010 Companion Guides for specific instructions found at the following link.

http://lacdmh.lacounty.gov/hipaa/EDI_Guides.htm

- **Existing EDI IS Rule Denial for Invalid ICD10 Diagnosis/Qualifier**

Attempting to submit an EDI claim with an ICD-9 code/qualifier after October 1, 2015 will be denied during inbound processing with a Deny Rule Failure: Inb837P.Post 9 or Inb837I.Post 10 Validate Diagnosis.

GO – What You Need to Do

For questions regarding the new edits and/or business rules in the IS, please contact the Help Desk at (213) 351-1335.
